Discussions

Special Event Zoning – some Townships have this in their zoning resolution which allows the department heads to sign off on any special event and clearly states the event planner pays for any additional services needed by the Township.

Resident Jamie Saric asked if a breakdown was received for the drag event. Approximate numbers were mentioned, but no formal breakdown was provided.

Limited Home Rule – Allows more authority to the Township to focus on zoning issues. Mr. Richter wants to take a deeper look at this.

Notary Certification – Kelly Paulic, Administrative Assistant, will begin the process of becoming a notary.

Payroll Processing Software – Mrs. Jarrett, Fiscal Officer said there was not a huge benefit to using ADP. There would be an additional cost, learning the software, etc. Did not see a benefit at this time.

Electronic Populate Application for Use of Township Properties – Kelly can look into having the form populated.

National Fitness Campaign – After reviewing the material it was determined that the Township would not be participating based on the costs associated.

Fuel System – Township looking into 500 gallon above ground tanks. Currently the Police Department is utilizing Wex cards. There is a problem with the underground tanks we have and eventually they need to be pulled out. It was suggested expanding Wex participation to the Road Superintendent and the Fire Chief for unleaded fuel only.

Pickleball Update / Bids – The bids received were higher than anticipated and the situation needs to be reviewed and discussed concerning options. Mr. Leven suggested taking lowest bids from each category. Mr. Purchase is not sure if contractors that bid on the whole package would be open to taking a partial job. Mr. Radtke said he will reach out to legal after he reviews the bid package again.

Government Update – 6/1/23-KR; 6/15/23-CR; 6/29/23-JM
