

CHESTER TOWNSHIP LAND USE PLAN Public Information Session

The Chester Township Board of Trustees are supporting a plan to update our community's Land Use Plan. An up-to-date plan is an important tool in ensuring that future growth or change, reflects the will of the community at-large and is instrumental in guiding our Zoning Resolution.

**WED. MARCH 19 @ 6:00PM
at Chester Town Hall**

Join us for an informational session describing what a Land Use Plan is, membership on the land use plan update committee and the process for updating the plan.

No RSVP is necessary

Information about the Land Use Plan available after March 19 at www.chestertwp.com/landuseplan
