---

A land use plan is a document designed to guide the future actions, development, growth and direction of a community. It is created with the input of residents, business owners and stakeholders to reflect a vision for the future of the township. The plan is designed to provide continuity between boards, make informed changes to zoning regulations, and provide reference and informed decision-making on large scale projects. An up-to-date plan is an important tool in ensuring that future growth or change reflects the will of the community at-large.

The Chester Township land use plan already exists, but it was last updated in 1999 and last revised in 2008, it is best practice to completely update the Plan every 10 years. The Board of Trustees is looking to compile a Land Use Plan Committee. Letters of interest are being accepted now through April 1, 2025. Please send letters of interest to: [zoning@chestertwp.org](mailto:zoning@chestertwp.org).

There will be an information session for the public on March 19, 2025 at 6:00 p.m. in Chester Town Hall describing this plan and the process.

Members of the committee can expect approximately a 15-24 month commitment. Meetings will be once a month for no more than two hours and held on the Fourth Tuesday of each month at 7:00 p.m. Meetings will be held at the Chester Town Hall.

The Chester Township Land Use Plan Committee will strive to be a broad representation of the Township residents, businesses, and government with respect to occupations, age, backgrounds, interests, etc.

Deadline to submit a letter of interest: April 1, 2025

Trustees will review applicants and begin notifying new members by: April 22, 2025
